

# All about me in Reception!

A knowledge organiser for things to think about as your child starts school.

## Knowledge Organisers

Each term we will send home an overview of our next topic. This overview will include some key vocabulary and things to think about and discuss with your child. There may be fun facts or challenges to do together.

## Settling in

This term will be focussing on settling into Reception and learning new routines and rules. Children will be expected to:

- Use kind words to speak to their friends and adults, including please and thank you.
- Tidy up after themselves.
- Become independent at dressing, including coats and shoes.
- Use a knife and fork to eat lunch independently.

## Questions to ask?

You have all probably asked the question what did you do today, and the response was probably, 'play' or 'don't know'. The truth is we have played and they probably cannot remember! Try these questions instead...

'What made you laugh today?'

'Did you do something kind today?'

'Can you teach me anything new from what you have learnt today?'

## Things to do

Develop curiosity, ask questions about the world around us.

Encourage imaginative play.

Go outdoors and play.

Read, read and read some more!

Play board games

Have fun together.
