

## **EAST BIERLEY CE(VC) PRIMARY SCHOOL**

### **Sports Premium Funding 2019-20**

#### **What is it?**

The government have set aside money to spend on improving the quality of sports and PE in all Primary schools. This money is jointly provided by the Department for Education, Health and Culture, Media and Sports.

At East Bierley we receive £16,000 per annum and £10 per pupil (From Year 1-6).

This funding is used to ensure all our pupils have access to high quality PE, develop healthy lifestyles and it promotes engagement in PE and sports.

#### **How will it be spent?**

At East Bierley we plan to spend our Sports Premium funding on:

- Enabling all children under the age of 11 to be able to swim 25 metres before they leave primary school – we are funding additional sessions for children in Year 6 to ensure they have maintained the level of swimming required and as an additional opportunity for children who had not met the standard of 25m earlier in the key stage.
- Staff development – through high quality CPD to enable staff to teach high quality PE lessons and provide opportunities for our children. This CPD will enable the quality of PE lessons to continue to improve. A full review of the PE curriculum and sport at school will ensure teachers receive CPD in aspects of the PE curriculum where they feel they will benefit the most for training which will take place in the autumn and spring terms.
- Additional sports camps are being provided by Velocity Coaching. The sports camps are subsidised through our Sports funding in order to offer local, opportunities for our pupils. This provides opportunities for children to try a wide range of sporting activities and to work as part of a team with children from other year groups and other local schools.
- Developing a competition and league plan with local schools led by Velocity Coaching to provide wider opportunities.
- Improvements to the organisation and training of Young Leaders (Play leaders) in both key stages to ensure high quality play during play and lunchtimes for all children and opportunities for sports leadership. This is sustainable as the resources and the training programme used are within school. We are also developing a sports council to consider the competitions work and further develop sports leadership.
- Some transportation costs to attend competition at venues such as Temple Newsam Richard Dunns Sports Centre, Bradford; and Leeds Beckett University.
- Providing new resources which will enable children to access sports that they may not normally take part in – such as Boccia.
- The opportunity to develop skills in new sports through additional coaching staff in school to provide a wider range of opportunities.
- Developing intra-school competition in a range of sports through our enrichment opportunities for all children from years 1-6. Developing collaborative dance and gymnastic work whilst developing skills.

Last year we were awarded the Gold Sports Mark. Our aim is to target the Platinum award.

Our long term aim at East Bierley Primary School is for all children to be healthy, active, willing to participate in quality PE lessons provided at school and keen to engage in our house sports events.

**Pupil voice:**

We gather pupil voice regularly. The most recent sporting comments are included below:

Hudson – I love how in PE we have quick games so you're never sitting down and are always participating in a range of different activities. We are lucky to have such top quality teachers.

Katie – We have been lucky enough to play a wide variety of different sports this year. My favourite has to be when we played Quidditch; chasing the golden snitch around the hall was so much fun.

Jessica – My favourite part of PE is the different range of sports and activities that we do. So far on a Wednesday afternoon we have played: Netball, tri-golf and zone ball. I look forward to having PE.

Jack – PE is so much fun and excellent exercise. Because of PE at school I now play rugby at Birkenshaw Bulldogs.

Zartash – I love PE lessons. We get to play fun games.

Alfie R – We get lots of exercise in PE. It keeps me healthy.

The last review indicated that we need to improve leadership of sports by the children in school.
