

Music Curriculum

Our music curriculum fosters a personal and creative response to music. We want our children to develop self-confidence to embrace our role in community through performance and love of music and singing. Our aim is to provide wide ranging opportunities for all our children. It is underpinned by listening to, engaging with, creating and enjoying music in all forms.

Our Music curriculum is enriched through our East 39 programme and through facilitating all children to learn instruments. Many children also have individual music lessons in school. Opportunities to perform are regular throughout school.
