

# Year 5 Classroom Agreement

Always have a focused can-do attitude to learning and try our best in everything we do with positivity.

Follow instructions around school to show we are polite, respectful and responsible and always show good listening when someone else is speaking.

Be kind to others and consider their feelings by always treating them how we want to be treated.

Be honest in the right way and display our emotions in a controlled way.

Create a classroom that is fun, tidy, organised, interesting and happy.
